“My Career Objective” Explain your plans for your future career.

“My Career Planning”

Once I get out of high school I will go straight into college. I am planning on being in the cyber security line of work. I know I will have to get a Bachelor's degree in Computer Science, which will not be hard with the pace I am going now making A's on all my work in my Computer Science class. The reason I am choosing cyber security as my job is because I want to follow in my brother's footsteps, as he is also becoming a cyber security officer.
