AS A STUDENT DO YOU THINK ATTENDANCE IS IMPORTANT AT SCHOOL?

As a student I think attendance is very important. If you do not show up to school, you are only hurting yourself because you are letting yourself get behind in school work. If you do not show up to work you are letting your employer down because they are counting on you and they chose you for the job.

DO YOU THINK YOUR ATTENDANCE AT SCHOOL WILL REFLECT THE TYPE OF EMPLOYEE YOU WILL BE?

I think attendance at school will reflect the type of employee you will be. For me personally, I like to arrive at work and school a few minutes early just so that I am always on time. Also, I do not like to miss school unless I really have to and that has reflected the type of employee I am because I only miss work when I absolutely have to.

DO YOU THINK ATTENDANCE SHOULD BE COUNTED IN SCHOOL?

I have mixed feelings about attendance being counted in school. I think it should be counted because there are students that will skip without their parents knowing and attendance is proof to their parents. But, I do not think attendance should be counted against you because sometimes there are kids that have to miss school in order to help their family, etc and in their circumstances, it isn't fair to count against them.

WHY IS ATTENDANCE SO IMPORTANT AT WORK? SHOWING UP ON TIME AND BEING AT WORK WHEN SCHEDULED?

Attendance is important at work because you were picked specifically for that job, therefore you actually need to show up to do the job. Also, you need to show up on time and be at work when you are scheduled because you gave to get your job done when you're supposed to, not on your own time schedule.
