

**Title:** Future BAA Activity 14

**Subject:** Future BAA: Education

**Author:** Mel Barker

**Pathway:** Business, Management & Administration

**Time:** 2 Hours

**Overview:** Career Awareness and Exploration: Write a one-page paper on a business career

**Standards:** IBT: 1, 2, 3, 4, 6, 8, 9, 12

BT: 1, 2, 3, 6, 9

BC: 1, 2, 5, 6, 8, 10

**Materials:** BAA Activity Sheet

Computer with Internet Connectivity

Career Plan

MS Word

BAA Login

**Activities & Procedures:**

1. Using Google, locate a business career that interests you. Something important to remember that there is NO profession that doesn't use business skills. Think of a homemaker. That homemaker still has to utilize a budget, plan for the unplanned, pay the bills, pay his/herself. Everyone needs to know business and finance, no matter the career field of choice. Your Navigate books may have led you in the right direction. You may know what your career path will be. If so, use that career and apply business concepts that may or should be used in that field. Make this meaningful.
3. Upon completion of your research, you will write a one-page paper. Please type it in MS Word using 12 pt Arial font, double space and 1 inch margins.
4. As per usual expectations, please take the time to check for grammatical and spelling errors. After revisions, you will need to either upload via your BAA Portal or you will need to upload via Google Classroom. If you are not an FBLA member, join FBLA!

**Conclusions:**

One of the best ways to prepare for your future career is to seek job shadowing opportunities. Everyone should complete job shadows before taking on a new career exploration. We learn best by doing an activity not by reading about it! If you know that you are interested in a specific career path, see your teacher about assisting you in locating a job shadow opportunity to help you be sure that you are headed into the field that truly suits you.

**Follow-Up Activities:**

Completing a job shadow would be a great idea for you! If you need assistance in making a contact or connection, let your teacher/adviser know.

**Extra Credit:**

Completion of the Required Activities to complete your Future Business Achievement Award will provide you five 100s in the grade book!

80/100

Conner this is a great start, if you'd like an improved grade please submit more content, also, where is your research?

Future BAA Activity

Every job uses business skills, from keeping up with your money and finances to keeping up with the attendance of your employees. No matter what job you have, you will always deal with these skills. I want to become a farmer and there are many business skills in farming. If you are the owner of the job you will have to keep up with what your workers are planting, their hours and the crops and the amount of crops they plant. Shadowing opportunities are great in the follow up activity, they allow you to learn what needs to be learned about for your future.
