1. What were your three highest career interest areas, and what % of your answers fit that career?

Business was my number one and it was a 75% match. Multimedia was my second and it was a 41.67% match. Legal was my number three and it also had a 41.67% match.

2. Do you think the test was accurate? Were you surprised by the listing of careers for you?

I think it was accurate because I plan to major in business when I go to college. I was surprised about multimedia.

3. Have you thought of any of those careers before?

I have thought of business because that is what I plan my major to be in college.
